KOTHAPALLI LAKSHMI PRASAD

IT Support Graduate | Service Desk & Technical Support

Auckland, New Zealand | klprasad6@gmail.com | 027 800 8180

LinkedIn: Kothapalli Lakshmiprasad | LinkedIn | GitHub: Prasad-Devops432 (Prasad)

PROFESSIONAL SUMMARY

IT Support graduate with hands-on experience in Windows support, Active Directory, Microsoft Entra ID, Microsoft 365, Exchange Online, and technical troubleshooting. Skilled in supporting end users, managing user accounts and access, resolving system issues, and working across desktop, identity, and cloud-connected environments.

EDUCATION

Graduate Diploma in Cybersecurity and Cloud Management

- **Yoobee College, New Zealand |Expected 2026**

Certification in Information Technology

- **Yoobee College | Completed 2025**

TECHNICAL SKILLS

IT Support & End-User Support

- Windows 10/11 administration and troubleshooting
- Basic MacOS support
- User account and password resets
- Hardware diagnostics, laptop/device setup
- Software installation, configuration, and updates
- Service desk operations, ticketing systems, and documentation

Microsoft Technologies

- Organizational Units (OUs)
- Group Policy basics
- Microsoft Entra ID (Azure AD)
- Security groups and access management
- Microsoft 365 administration
- Outlook, Teams, SharePoint, OneDrive

Networking & Troubleshooting

- TCP/IP, DNS, DHCP, VPN, WIFI, and connectivity troubleshooting
- Command-line diagnostics (ping, ipconfig, tracert, nslookup)
- Incident resolution and root cause analysis

Cloud & Virtualization

- AWS (EC2, S3, VPC, IAM, CloudWatch)
- Microsoft Azure
- VMware vSphere
- Hyper-V
- FortiGate firewall fundamentals

PROFESSIONAL EXPERIENCE

KPMG, New Zealand

Team / Operational Support | *2019*

- Worked in a fast-paced professional environment requiring accuracy, reliability, and strong attention to detail.
- Supported daily team operations while maintaining effective communication with colleagues and stakeholders.
- Assisted with onboarding and guidance for new staff, demonstrating clear communication and process support.
- Managed time-sensitive responsibilities and contributed to a high standard of service delivery.
- Built transferable strengths in customer service, teamwork, problem-solving, and working under pressure.

TECHNICAL PROJECTS

Active Directory User & Access Administration Lab

- Created and managed Active Directory users, organizational units (OUs), and security groups in a Windows Server lab environment.
- Performed common support tasks including password resets, account unlocks, user provisioning, group membership updates, and access troubleshooting.
- Applied Group Policy settings and tested user login and permissions in a domain environment.
- Simulated common service desk scenarios involving user access and authentication issues.

Microsoft Entra ID & Hybrid Identity Administration Project

- Configured and managed Microsoft Entra ID (Azure AD) users, groups, and access settings in a cloud-connected identity environment.
- Worked with security groups, role assignments, and identity-based access controls.
- Strengthened understanding of hybrid identity between on-premises Active Directory and Microsoft Entra ID.
- Tested authentication, sign-in, and user access scenarios to improve identity administration skills.

Microsoft 365 User, Licensing & Exchange Administration Lab

- Administered Microsoft 365 users, licenses, groups, and service settings in a practical lab environment.
- Performed user administration tasks involving account setup, access permissions, and service access troubleshooting.
- Worked with Microsoft Exchange / Exchange Online to manage mailboxes, aliases, and distribution groups.
- Supported common email and user access scenarios relevant to modern IT support environments.

FortiGate Firewall Fundamentals & Network Security Lab

- Built hands-on foundational knowledge of FortiGate firewall configuration in a lab environment.
- Explored interfaces, firewall policies, NAT, basic rule creation, and access control concepts.
- Strengthened understanding of how firewall configuration supports network security and controlled connectivity.
- Developed practical awareness of firewall-related troubleshooting in support and infrastructure environments.

CERTIFICATIONS & ONGOING LEARNING

- Service Desk Job Simulation — Forage *(2026)*
- Microsoft Azure Fundamentals (AZ-900) — *In Progress*
- IT Support & Helpdesk Fundamentals — LinkedIn Learning
- Cybersecurity: From Beginner to Expert — Udemy *(*2025)
